

PROFESSIONAL CERTIFICATE

DATA+

iFundi Professional Certificate Programs are shorter duration, non-accredited courses that provide practical, introductory-level skills, leading to careers. They are a good starting point for individuals prior to commencement of longer duration, QCTO accredited qualification programs.

CompTIA Data+ is an early-career data analytics certification that shows you have the practical skills to turn raw data into meaningful insights. Gain the confidence to analyze, interpret, and communicate data clearly, so you can solve real business problems, stand out to employers, and help your organization make smarter, data-driven decisions.
